

### Remarks

Applicants thank the Examiner for his careful review of the application.

Applicants note that claims 2-28 have been allowed, and thank the Examiner.

### Amendments to the Claims

Claim 5 has been amended so that the phrase "the inductor" now reads "an inductor of the resonator," as suggested by the Examiner. This amendment alters claim 5 so that its terms now have proper antecedent basis. Applicants thank the Examiner for his suggestion.

Claim 16 has been amended so that "first component" now reads "capacitor," and so that "second component" now reads "inductor." This amendment alters claim 16 so that its terms now have proper antecedent basis. Applicants thank the Examiner for his suggestion.

Claim 25 has been amended so that "a inductor" now reads "an inductor," as suggested by the Examiner. Applicants thank the Examiner for his suggestion.

Claim 26 has been amended so that "an capacitor" now reads "a capacitor," as suggested by the Examiner. Applicants thank the Examiner for his suggestion.

### Conclusion

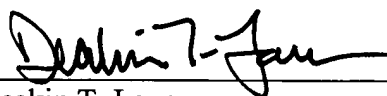

Claims 2-28 remain pending in the application. These claims are believed to be in condition for allowance. This amendment is believed to be responsive to all points raised in the Office Action. Should the Examiner have any remaining questions or concerns, the Examiner is urged to contact the undersigned by telephone at the number below to expeditiously resolve such concerns.

Respectfully submitted,
